A Tri Shutter Card folds flat for mailing and opens up to glorious dimension. And it is super simple to make.

Directions:

1. Cut card base to 5 ½" x 10 ½".

2. On the $10\frac{1}{2}$ " side, score at $1\frac{3}{4}$ " and $3\frac{1}{2}$ ". Turn to the opposite side and score again at $1\frac{3}{4}$ " and $3\frac{1}{2}$ ".

- a. On the $5\frac{1}{2}$ " side, line up the edge at the $1\frac{1}{2}$ " mark and cut from first score line (at $1\frac{3}{4}$ ") to last score line (at $8\frac{3}{4}$ "). Turn to the opposite side and repeat.
