Peri Beal Independent Stampin' Up!® Demonstrator papercraftingthreads.com

2025 Mini Calendar

Instructions

- Print FREE download file at 100%.
- On the short side, slice off 5/16" from the left edge.
- On the long side, with the top of the page on the left side, slice off 2 5/8". This will be a strip with January, February and March.
- Cut another slice off at 2 5/8". This will be a strip with April, May and June.
- Cut off 1/8".
- Cut another slice off at 2 5/8". This will be a strip with July, August and September.
- Remaining strip is October, November and December.
- Stack the four strips and cut the width of each month at 2 9/16".

Finishing the Calendar

- Stack neatly and staple at the top OR
- Stack neatly. Create a belly band of copy paper and wrap tightly horizontally around the stacked pages.
- Attach binder clips to each side.
- Apply several coats of liquid glue (Tombow or Elmer's) OR rubber cement to the top stacked edge.
- Attach a third binder clip from the top but avoiding the glue. Let dry overnight.
- Remove clips and belly band.
